Response to Amendments/Arguments

The rejection of claims 1-4 in the last office action is withdrawn.

1. Applicant's arguments with respect to claims 1 - 4 have been considered but are moot in view of the new ground(s) of rejection.

DETAILED ACTION

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

- 3. Claims 1 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
- 4. Regarding claims 1, 4, it is not clear which "all other outputs " that is being deactivated. Also, it is not clear in claims 1, 4 which "each output" claims 1 and 4 are referring to.
- 5. Claims 2, 3 are automatically rejected under 112, 2nd paragraph due to the fact that they depend on a claim that is rejected under 112, 2nd.

Allowable Subject Matter

- 6. Claims 1 4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
- 7. Claims 5 14 are allowable.

Conclusion

Application/Control Number: 10/615,601

Art Unit: 2819

8. The prior art made of record and not relied upon is considered pertinent to

applicant's disclosure.

Masson (US Patent Number 4,999,630) discloses a fast ADC with parallel 9.

structure.

Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Jean B. Jeanglaude whose telephone number is 571-

272-1804. The examiner can normally be reached on Monday - Friday 7:30 A. M. - 5:00

P.M..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Michael Tokar can be reached on 571-272-1812. The fax phone number for

the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the

Patent Application Information Retrieval (PAIR) system. Status information for

published applications may be obtained from either Private PAIR or Public PAIR.

Status information for unpublished applications is available through Private PAIR only.

For more information about the PAIR system, see http://pair-direct.uspto.gov. Should

you have questions on access to the Private PAIR system, contact the Electronic

Business Center (EBC) at 866-217-9197 (toll-free).
